

ANIMAL HEALTH

Equipment Catalog

2022

Solutions designed for companion animals and their care providers.

Better care doesn't happen by chance—it happens by design. Design that takes into account not just the space, but the people working in it. At Midmark, we believe that when you harmonize clinical space, workflow and technology, it leads to healthier patients, happier clients and staff, and it contributes to success for the clinic's bottom line. It's this attention to our customers and design that has enabled us to transform the veterinary care environment.

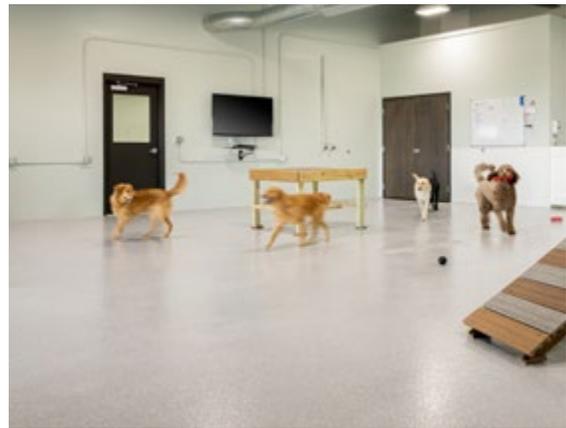

PERMATEK

COATINGS

PermaTek Coatings provides functional, safe, low-maintenance flooring and wall solutions perfect for both large and small animals. Get seamless, chemical-resistant solutions for a durable and easy-to-clean environment that minimizes potential mold and mildew issues.

- Maintenance Friendly
- Slip Resistant
- Decorative
- Durable
- Hygienic

Anesthesia

Midmark anesthesia machines (formerly MatrX[®]) are a longtime favorite of veterinary professionals around the world for inhalation anesthesia delivery. For over 50 years, each machine has been carefully manufactured to provide you with years of simple and controllable inhalation anesthesia delivery. With wall, stand and tabletop configurations, we are sure to have the anesthesia delivery solution that fits your clinic needs.

Anesthesia Machines

VMS® Plus

The VMS® Plus provides the functionality you need with two shelves for convenient placement of monitors and equipment. Its dual-vaporizer mounting capability allows you to easily switch from one vaporizer to another.

- Includes Occlusion Valve with safety relief to prevent unsafe build-up in the anesthesia circuit/patient
- Negative Pressure Relief Valve—opens to provide room air to patient if contents of breathing bag are depleted
- Dual-view oxygen flowmeter—glass tube with a scale reading from 0.2 to 4 LPM—quickly switch from standard to magnified view at the touch of a finger
- Easy-to-view inhalation/exhalation valves allow easy monitoring of respiration for patient safety—no tools needed to disassemble
- Oxygen flush
- 1,500 cc CO₂ absorber with quick release lever feature for easy absorbent replacement (accepts prepack canisters or 1,350 grams loose absorbent)
- Scavenging/adjustable pressure limiting (APL) valve
- Breathing circuit pressure gauge
- 15 mm and 22 mm diameter corrugated breathing circuits
- One- and two-liter breathing bags
- Chrome portable stand with 5-leg spider base and casters
- Convenient monitor shelves
- Accepts Midmark VIP 3000® and TEC 3 vaporizers (one mounting kit included)
- Dual-vaporizer mount capability
- Oxygen low-flow flowmeter add-on capability
- Includes starter pack of Sodasorb LF

Vaporizers

VIP 3000® Vaporizer

The VIP 3000® veterinary vaporizer uses proven design principles to ensure output concentration is virtually unaffected by flow rate, temperature variations, duration of use, liquid level or back-pressure fluctuation within its clinical range.

- Automatic flow rate and temperature compensation
- Large, easy-to-read dial
- Integrated safety lock to prevent unintentional engagement
- Large sight-glass for at-a-glance liquid level monitoring
- Choice of agent-specific models for isoflurane or sevoflurane

91305430	Isoflurane VIP 3000®, Well-Fill For use with isoflurane. 0.5%–5.0% at 1/2% intervals.	\$1,496.00

Vaporizer Service

FACTORY SERVICE FOR ACCURATE, RELIABLE OPERATION

To assure continued accuracy and reliability, every Midmark VIP 3000[®] vaporizer should be serviced and calibrated annually. Service includes:

- Complete disassembly and cleaning
- Ultrasonic bath to clean internal metal parts
- Calibration and adjustment of Thermo Control
- Reassembly with new seals and wick*
- Cleaning/polishing of exterior parts

Vaporizers ARE NOT field serviceable. Disassembly or service by anyone other than an authorized Factory Service Technician may result in damage or subsequent unsafe operation of the vaporizer.

* If additional parts are required, you will be contacted with an estimate.

Our Vaporizer Service Center is staffed with highly qualified service technicians using state-of-the-art equipment. The Midmark VIP 3000[®] Vaporizer is a sophisticated device and under no circumstance should be tampered with or disassembled by anyone other than a Midmark-authorized vaporizer service technician. These units ARE NOT field serviceable.

Midmark VXP[™] Vaporizer Exchange Program

Simple, convenient and effective

If you own a Midmark or Matrix[®] vaporizer that has been manufactured or serviced in the last five years, contact your dealer and request a Midmark VXP[™] vaporizer. You will receive a vaporizer for the agent you specify (isoflurane or sevoflurane). Simply exchange your vaporizer with the Midmark VXP[™] vaporizer and return it to the Midmark Vaporizer Service Center in the shipping carton in which you received your Midmark VXP[™] unit.

When you receive your Midmark VXP[™] vaporizer, mount it on your machine and you're ready to go. Enjoy no down time and the confidence of a cleaned, calibrated and tested vaporizer.

The Midmark VXP[™] Vaporizer you receive has undergone the complete Midmark Vaporizer Service Center protocol.

91305535	Isoflurane VXP [™] Well-fill Vaporizer	\$485.00
91305534	Isoflurane VXP [™] Key-fill Vaporizer	\$485.00
91305537	Sevoflurane VXP [™] Well-fill Vaporizer	\$485.00
10601700	Sevoflurane VXP [™] Key-fill Vaporizer	\$485.00

Service

For complete details on vaporizers requiring service, or availability of rental vaporizers, contact your local Midmark veterinary dealer.

For vaporizer service outside the United States and Canada, please contact the Midmark Vaporizer Service Center.

Anesthesia Machine Accessories

Sodasorb® CO₂ Absorbent

The next generation of CO₂ absorbent with safety you can see.

- Permanent, high-contrast color change when absorbent capacity is exhausted or if absorbent becomes desiccated
- Eliminates the potential dangers that come with inhalation anesthesia such as the production of compound A, carbon monoxide, and heat generation due to desiccation
- Unique formulation makes the use of anesthetic agents more efficient
- Minimal resistance to gas flow
- Unique, uniform, pellet shape reduces caustic dust making for cleaner equipment and faster change-out
- Proven safety record ensures the comfort and well-being of both patients and staff
- Sodasorb® LF is available in jugs, convenient pre-pack cartridges and Canister Pak bags. Standard Sodasorb® is available in pre-pack cartridges, Canister Pak bags and a five-gallon pail.

002-1761-00	Sodasorb® LF Canister-pak Bag, Case of 12	\$145.00
002-1763-00	Sodasorb® LF Pre-pak Cartridge, Case of 12	\$199.00

91303015

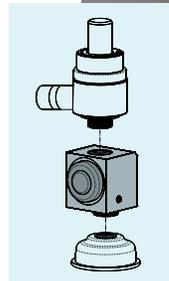

Midmark Occlusion Valve with Safety Relief

The Midmark Occlusion Valve with Safety Relief Assembly allows you to simply and quickly close the breathing circuit to allow you to bag (sigh) the patient.

- Easily attaches to your Midmark anesthesia machine, no tools required
- Constructed of long-lasting anodized aluminum
- Safety relief feature (25-30 cm H₂O) prevents unsafe pressure build-up in the anesthesia circuit/patient
- Simply operated by the push of a single silicone activation button
- Included with each Midmark VMS[®] and VMS[®] Plus Anesthesia Machine

93805114	Occlusion Valve with Safety Relief	\$155.00
----------	------------------------------------	----------

Note: APL valve is NOT included

Occlusion Valve with Safety Relief attaches easily between the Midmark Exhalation Valve Dome and APL Valve as shown.

Absorber Quick Release Conversion Kit

Easily convert a thumb nut-style absorber to a convenient quick-release absorber. Simple flip-lever locking mechanism allows you to easily seal the absorber canister.

91800138	Quick Release Conversion Kit	\$187.00
----------	------------------------------	----------

Go from a thumb nut-style absorber (left), to a quick-release absorber (right).

Oxygen Flowmeters

For VMS[®]/VMS[®] Plus/VME2[®]/VML[™]

Scale reads from 0.2 to 4 LPM for the VMS[®], VMS[®] Plus and VME2[®], and 1 to 10 LPM for the VML[™]. Dual-view flowmeters quickly switch from standard to magnified view at the touch of a finger.

Ayres Non-rebreathing System with Scavenger Adapter

Connects in seconds to any Midmark anesthesia machine. Designed especially for the small animal patient with less than 15 lb (6.8 kg) body weight, it provides minimal dead space and less resistance to flow as compared to a full-circle system.

94515185 Ayres System Complete \$223.00

Replacement Parts

92305073	(A) FS-2 Outlet Adapter	\$50.00

Scavengers

Veterinary Anesthetic Gas Scavenger

The Midmark Veterinary Anesthetic Gas Scavenger offers reliable active scavenging of waste anesthetic gas. It is designed to meet current ASTM and ANSI standards and is available in a post-mount or wall-mount configuration. Each wall- or post-mount scavenger unit will scavenge the waste anesthetic gas from one anesthesia machine.

- For maximum flexibility, the post-mount scavenger comes complete with 20 ft (6 m) of 32 mm tubing, 5 ft. (1.5 m) of 19 mm tubing and post-mount hardware
- The wall-mount scavenger comes complete with 2 ft (0.6 m) of 32 mm tubing, 18 ft (5.5 m) of 19 mm tubing and wall-mount hardware.
- Replace charcoal canisters forever with an active gas scavenging system that quietly and consistently keeps you safe
- Designed to meet current ASTM and ANSI standards
- Available in post mount or wall-mount configurations
- Quiet operation
- Can be used with a ventilator or oxygenator
- Easy to install, compact design with few parts
- Standard 19 mm inlet connection
- Power on/off switch with indicator light
- Low voltage (12V DC) operation

91515178	Post-Mount Veterinary Scavenger (1.75" diameter fittings will fit most stand-mounted anesthesia machines)	\$1,281.00
91515181	Post-Mount Veterinary Scavenger (Euro-230V/50Hz)	\$1,281.00
91515179	Wall-Mount Veterinary Scavenger	\$1,281.00
91515182	Wall-Mount Veterinary Scavenger (Euro-230V/50Hz)	\$1,281.00
91515169	Post-Mount Replacement Tubing Kit	\$199.00
91515170	Wall-Mount Replacement Tubing Kit	\$84.00
65939600	Scavenging Hose, 19 mm ID (Please order in 12" increments.)	\$0.30/in.
65939700	Scavenging Hose, 32 mm ID	\$0.30/in.

Scavenger Interface

94805173	Scavenger Interface Without Mount	\$2,400.00
94805172	Scavenger Interface Column Mount	\$2,400.00

Portable-Post Mount 91515178

Wall Mount 91515179

Midmark Central Scavenger

The Midmark Central Scavenger safely removes waste gas from your clinic without the cost or hassle of charcoal canister replacement.

- Replace charcoal canisters forever with an active gas scavenging system that quietly and consistently keeps you safe
- Scavenge waste gas from up to four anesthesia machines
- Easily expand the system to cover up to 12 anesthesia machines without significant expense
- Keep your clinic neat and tidy without bulky interface devices attached to the anesthesia machines
- Simple installation process and flexible design ensures your scavenging system will be successfully installed
- Unparalleled service and support to give you peace of mind

40162800	Midmark Central Scavenger (for up to four anesthesia machines)	\$2,182.00
20236000	Expansion Kit (for up to four additional anesthesia machines)	\$494.00

This product has limited availability outside of the US. For confirmation, please contact Midmark Customer Experience.

Ventilators

Model 3002PRO Small Animal Anesthesia Ventilator

An electronically controlled, time-cycled, pressure-limited ventilator, the Model 3002PRO replaces the breathing bag to provide smooth, even delivery of anesthesia. Designed specifically for veterinary practice, the 3002PRO assures a constant volume for each delivered breath, regardless of patient compliance and airway resistance. Easy-to-use controls make operation simple and convenient.

- Replaces the breathing bag
- Single volume control knob allows for minute changes with small patients
- Promotes regular breathing for a smoother plane of anesthesia, more normocapnic PaCO₂ levels and a more normal blood pH
- More economical use of supply gas (oxygen or clean dry air)
- Interchangeable bellows adapt to animals from 2.2 lb to 440 lb (1 kg to 200 kg)—no tools required
- Maximum working pressure limit (MWPL) adjustable from 10-60 cm H₂O
- Dual-airway pressure alarms monitor the peak inspiratory pressure (PIP) of every breath and sound when the PIP either exceeds the preset maximum working pressure limit (MWPL), or fails to reach 6 cm H₂O as in the case of a disconnect
- Standard low-supply gas alarm signals when supply-gas pressure falls below 35 psi
- Adapts easily to all anesthesia circuits with out-of-circuit vaporizers
- Accommodates respiratory rates from 6-40 breaths per minute at inspiratory flow rates from 0-100 LPM
- Built-in scavenging port
- Deliverable tidal volume (TV) range is from approximately 20 cc to 3,000 cc

91806001 Model 3002PRO with 300-1600 ml bellows and bellows housing Approx. Patient Weight Range 44-264 lb (20-120 kg) \$5,951.00

91806002 Model 3002PRO with 0-300 ml bellows, bellows housing and adapter Approx. Patient Weight Range Up to 55 lb (0-25 kg) \$6,116.00

91806005 Model 3002PRO with 300-1600 ml bellows and bellows housing plus 0-300 ml bellows, bellows housing, and adapter \$6,617.00

Note: All versions of the Model 3002PRO Anesthesia Ventilator include Model 3002PRO controller, bellows base assembly, pressure-sensing tube and tee, driving gas tube, power cord, spare fuse and operating manual.

Note: For ease of installation, use an existing gas supply as the driving gas. Please order one demand wye and supply hose.

Fluid Warming

Midmark IV Fluid Warmer

The IV Fluid Warmer is designed to help reduce the risk of hypothermia during anesthesia.

- Portable and lightweight
- Temperature displayed in degrees Fahrenheit or Celsius
- Temperature overheating protection
- Single IV routing option allows for quick and easy setup
- Compatible with standard IV sets
- LED Display
- Convenient hanging belt and clamp
- Not recommended for use with blood products
- 1-year limited warranty

VF-5 Midmark IV Fluid Warmer \$499.00

- 91315608 Disposable Size 3 Miller Blade, each

Emergency Response Kits

Emergency Response Kits are available in two sizes and contain a Disposable Resuscitator, Animal Mask Kit, Oxygen Supply Tubing, Physiological Parameter List and Carry Case.

90000	Small Emergency Response Kit For animals weighing less than 66 lb (30kg)	\$323.00
90001	Large Emergency Response Kit For animals weighing 66 lb (30kg)	\$323.00
91351400	Replacement Mask Set (Includes 1 each: small feline, medium feline, large feline, small canine and large canine mask)	\$281.00
91150010	Oxygen Supply Tubing (7 feet)	\$2.00

LSP Disposable Resuscitator

Reliable, efficient ventilation with patient protection. Features non-deforming bag, pressure relief valve on Small and X-Small models, and connector for optional pressure-manometer or PEEP valve. Includes mask, oxygen supply tubing and oxygen reservoir. Not made with natural rubber latex.

91350666	Large (patients over 55 lb/25 kg) Disposable BVM w/Bag Reservoir	\$47.00
91350667	Small (patients between 16 and 55 lb/7.3-25 kg) Disposable BVM w/Bag Reservoir	\$47.00
91350668	X-Small (patients less than 16 lb/7.3 kg) Disposable BVM w/Bag Reservoir	\$47.00

Mayo Tray Cart

91805145	Mayo Tray Cart w/2 trays	\$709.00
91805146	Mayo Tray (1)	\$64.00

Boarding + Containment

Midmark boarding and containment offers the flexibility you need for your clinic, shelter or animal care facility. Our variety of kennel door designs, modular cage units and stylish condos help improve workflow while achieving the look and functionality you desire.

DOG SOLUTION

Stainless-Steel Cages

Midmark stainless steel cages are manufactured with many features that enhance cleanability, strength and ease-of-use.

- Patient comfort enhancements added to latch and cage body for a 19% noise reduction over former design
- All 20-gauge 304 stainless steel construction—23% thicker than industry average
- Heavy-duty reversible door
- One-piece stainless steel hinge plate with multiple attachment points for stability and to help prevent sagging
- Stainless steel door features 3/8" diameter frame, 1/4" diameter crossmembers and 3/16" diameter vertical rods
- One-piece stainless steel corner/trim strips to enhance strength and stability
- Full 1" radius corners
- Heavy-gauge latch—padlock or door clip—extremely quiet, yet secure and easy to open and close
- Fluid-retaining lip and larger radius corners with a cleaner kennel environment

261-0001-00 Cage Bank, 3 Unit Option 1 Includes 48" mobile base, Left and Right 30" side panels and 48" top panel \$3,548.00

DOG SOLUTION

Fiberglass Quiet Cottages

A warmer, quieter alternative to standard cage banks.

Manufactured with durable fiberglass materials, Quiet Cottages create a warmer, quieter environment for dogs. The unique design also offers flexibility to support your canine population: Each 4' unit includes double doors for easier handling of large canines, as well as a removable panel that allows you to convert the unit into two smaller 2' cages.

Available in a variety of configurations, door types, and exterior colors, you can create the perfect environment for your canine friends.

Color-Specific Part Number Example:

QM03-LN-337

NOTE: To order, please provide a complete configuration that includes a selection from each of the numbered areas.

Fiberglass Drying Cages

Available as an accessory to Quiet Cottage models.

The blower operates on a standard 110-volt current, with a built-in timer that powers off the unit when the selected time elapses. Cleanable filters can be removed or installed without the need for additional tools. Hoses have blast-gates that open and close from the outside to allow easy access and support better safety for pets.

DOG SOLUTION

ISO-Care™ Quarantine Cages

A comfortable containment solution for isolating animals with contagions or quarantine restrictions.

A growing number of veterinary hospitals and animal shelters are choosing the ISO-Care™ (D399609) for isolating animals due to contagious diseases or quarantine requirements. ISO-Care's innovative tempered glass design keeps all discharge within the unit – no more messy leaks! A two-tiered drainage system keeps wastes and liquids away from animals, exiting through ISO-Care's floor drain, which can be connected to a sewer outlet. A built-in fan vents contaminated air. A standard light provides added visibility to healing animals.

Available in single- or double-deck configurations. Units ship completely assembled and ready for operation.

10010778-316	30 1/4"W x 45 7/8"H x 31" D Single stack, Aurora color	\$3,070.00

DOG SOLUTION

Dog Daycare Room Dividers

Dog Daycare Room Dividers from Midmark create customized spaces and flexible room dimensions. Popular in doggie day care, this mobile panel system can be moved around the room as needed to create flexible play spaces, which can be ideal for separating larger and smaller dogs during open play time. Isolation panels can be constructed with pet safe materials using FRP or Wilsonart® in any size, shape or dimension. They can be built with a door to easily allow staff access to either side of the play areas. Additionally, the divider panels are on casters, making it easy to wheel them into multiple configurations. The result is a colorful, economical way to divide spaces without requiring permanent walls.

DOG SOLUTION

Chain Link Runs

Made with Midmark's exceptional quality and workmanship, our chain link runs offer flexibility and value. Available as stand-alone units or to connect multiple runs, their modular construction allows you to build enclosures of nearly any size and configuration.

Electro-galvanized wire is woven in-house for a silky, smooth finish and hand-laced for a tight, taut finish without sharp edges or burs.

Durable yet economical, Midmark chain link is ideal for a variety of settings, from outdoor boarding runs to military and working-dog facilities.

Two wire gauges available: 9, 11

Two mesh sizes available: 1.5", 2"

DOG SOLUTION

K-9 Cabin Double-Stacked System

Stacked systems double your capacity without occupying added floor space.

The K-9 Cabin Double-Stacked System maximizes the number of animals you can accommodate within your space. Unit dimensions are customizable, ensuring that you can create a containment space appropriate for your facility.

With a wide range of gate styles and material choices, units can be configured back-to-back or against a wall. When designed back-to-back, units can have full-width lower transfer doors. Units are also available with or without drains. Optional accessories include built-in food and water bowls, and transfer doors in the side panels.

CUSTOMIZABLE OPTIONS

Panels: Stainless Steel Panels, Wilsonart® Panels, FRP Panels, Galvanized Steel Panels, Wire Mesh

Gate Material: Tempered Glass, Stainless Steel Welded Wire, Galvanized Welded Wire, Chain-link, or any combination with or without isolation

Gate Styles: Swing Gate

Accessories: Rest Benches, Gutter Covers, Top Covers, Raised Floors, Gate Tops, Feeding & Water Systems

DOG SOLUTION

Luxury Walk-In Dog Suites

Luxury Dog Suites provide long-term or short-term living space for dogs.

Midmark's Luxury Walk-In Dog Suites provide all the functionality of a kennel without an institutional look. Rooms are more colorful and can be outfitted with beds, rugs, pictures and televisions for a living space or play area for dogs.

Additionally, a fixed piece next to the door can be solid glass or infilled with a variety of materials at any height to create privacy. The door can be configured in the same manner as well to add privacy, and can be designed with a door knob and lock set or with an aluminum pull handle and a deadbolt lock. The Luxury stall front can be configured with Midmark's Luxury Suite isolation panels or used with block wall or other materials.

Call for 1.800.543.5567 for a custom quote!

DOG SOLUTION

Modular 2-Story Double-Deck Kennels

Double your revenue opportunity with a two-story kennel system.

If you're limited on floor space within your facility, you may be able to expand vertically. Midmark's patented Modular 2-Story Double-Deck™ Kennels create a second level of boarding runs with full-height, easy walk-in access for dogs and staff.

Engineered for flexibility, the Double-Deck System conforms to a wide range of building dimensions, enabling you to install the system in rooms as narrow as 18' with only 14' of interior headroom. The system features a complete plumbing and drainage system for the upper level and aisles. Stairways, provided by your vendor-of-choice, can be easily positioned in various locations.

Choose from back-to-back or single-row styles, with a variety of side panel styles, gates and accessories.

Silvis Seal™ + Sani-Slope™

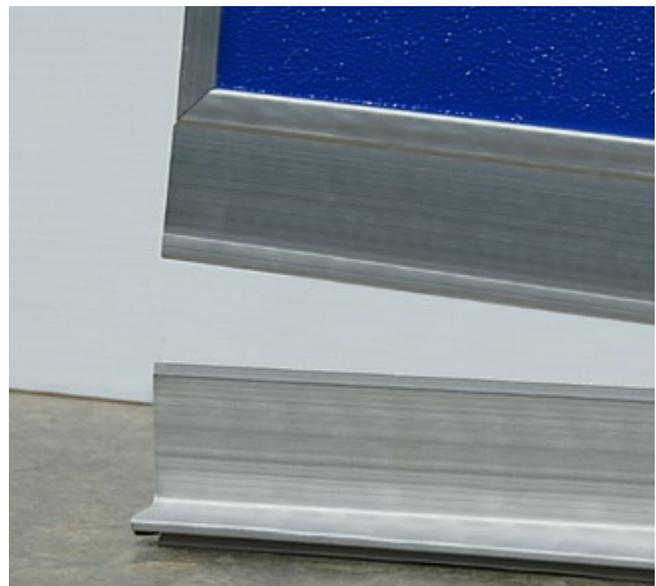

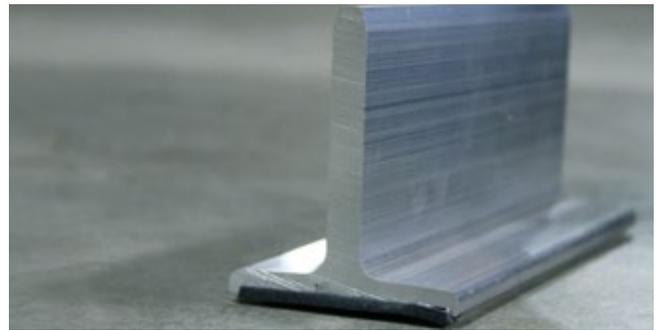

Superior floor mounting AND leveling solution exclusively from Midmark.

Available only on Midmark's Sani-Kennel™ systems, the patented Silvis Seal™ (#8707903) and Sani-Slope™ provides both superior floor mounting and leveling.

- Provides the ultimate solid watertight seal underneath division panels to ensure a one-of-a-kind layer of protection even if an isolation panel's silicone seal becomes cracked, hard or broken
- Prevents cross-contamination even when the primary bead of floor sealant has been breached or where there are cracks, waves, irregularities or other imperfections in the floor
- Is able to tolerate harsh cleaning agents such as chlorine bleach and ammonia, and withstands the force of pressure washing systems

Sani-Slope™ Advantages:

- Panels quickly and easily level to match the floor slope
- No need to cut panels to match the floor slope
- Less worry about floor dimensions
- Easily adapted to coved walls

DOG SOLUTION

Stainless-Steel Kennels

A superior floor-mounting and leveling solution.

Available exclusively on the Midmark Sani-Kennel™ system, the patented SilvisSeal™ and Sani-Slope™ deliver superior floor mounting and leveling.

Providing a solid, watertight seal under kennel divider panels creates an impermeable layer of protection. This is essential for preventing cross-contamination when the silicone seals of the isolation panels crack or break over time, or when there are cracks, waves or other imperfections in the flooring.

SilvisSeal and Sani-Slope tolerate harsh cleaning agents like chlorine bleach and ammonia and withstand pressure washing.

Sani-Slope panels are easy to level to match the floor slope within your facility, without the need to custom-trim panels, and easily adapt to coved walls.

STANDARD DOOR

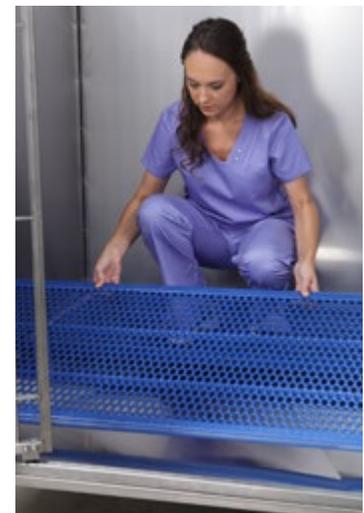

- Reversible stainless steel doors – side by side units may be opened in opposite directions
- Stainless steel door hinges are mounted on the top and bottom, not the side

SLIDING DOOR

- One-hand operation
- Maximizes kennel room and eliminates the need for "swing door" space
- Maintenance-free marine grade anodized aluminum glide
- Available with stainless steel rods or glass panels

GLASS DOOR

- Full view for easy observation
- Easy, convenient cleaning
- Aesthetically pleasing
- Scratch resistant
- Available in sliding or hinged models

DOG SOLUTION

UltraBase™ Above Floor Kennels

No floor seam to bend, break or leak.

With no gutter or special sewer lines required, Midmark's UltraBase™ Above Floor Kennel System allows for the installation of indoor kennels in spaces not normally constructed for housing animals. The elevated floor stretches kennel space to install in locations that weren't previously possible.

The one-piece molded fiberglass base has a gentle side radius that extends up 6" so there is no floor-side seam to flex, crack and leak over time.

The base unit securely attaches to Midmark's isolation side panels for a watertight seal. Midmark's UltraBase™ features a slip-resistant floor base unit carefully engineered with an easy-to-clean special permanent texture and adjustable legs, allowing for installation on uneven floors.

DOG SOLUTION

Space Saver Folding Kennel

Maximize Your Space and Increase Your Bottom Line.

Midmark's innovative Space Saver Folding Kennels offer the ultimate flexibility. Whether you want to create an isolation area or an overflow option for boarding, these collapsible kennels are ideal for pet resorts or veterinary clinics that want to easily customize a space as needed.

The Space Saver kennels use the existing floor with Midmark's patented SilvisSeal to prevent cross-contamination and spreading disease through the flooring system.

Standard sizes are 3' x 3 or 4' x 4'.

The upper section can be designed with stainless steel wire, bone grid or a solid material (FRP, Wilsonart® or stainless steel over Polycore). The bottom section can be designed with FRP, Wilsonart® or stainless steel over Polycore.

Note: The system requires a flat solid wall and 3' of clearance on both sides.

DOG SOLUTION

Tri-Kennels

Create a three-run space that easily adapts to suit your current dog population.

The Tri-Kennel system combines a full-height Sani-Kennel on one side and a K-9 Cabin Double-Stacked system on the other side. The transfer door in the lower half of the back panel can also be opened between the Sani-Kennel and lower K-9 Cabin for added configurability options for dogs.

The upper K-9 Cabin is available with optional side-panel transfer doors (shown), and with or without a rear drain system. Raised lower floors and drains are available on the Sani-Kennels and lower K-9 Cabins, and the patented SilvisSeal barrier is available on the Sani-Kennel to eliminate cross-contamination between units.

Tri-Kennel systems are available with a variety of side panels and gate options to help you create a beautiful containment area that aligns with your facility's design aesthetic.

CAT SOLUTION

Cat Condos-Raintree

Raintree™ Cat Condos are beautiful, durable, high-quality furniture pieces with amenities to pamper finicky felines.

Designed specifically for feline boarding needs, standard features include a built-in feeding/watering ledge, a resting shelf and a privacy area for litter. The Raintree™ Cat Condo is the ultimate in comfort and functional design.

Each condo consists of a top and bottom unit with coated wire mesh doors for healthy air circulation, or optional tempered glass doors and internal air ducts. Each module is 84" tall, 24" wide and 24" deep. Stainless steel hinges with a soft close feature help decrease stress and anxiety by eliminating slamming doors that can startle and scare cats.

CAT SOLUTION

Cat Towers

Maximize space with customized high-rise living for cats.

Towers feature larger, multi-level areas of space that allow cats to explore, play or rest as they need. The vertical, high-rise footprint is ideal for maximizing space within your facility while economizing floor space.

Units are modular, customizable and available in a variety of non-organic materials that enable you to create an enriching and attractive environment for your feline friends.

Optional portals can be added, as well as designated feeding and litter areas. Cat Towers can also be configured using Raintree™ Cat Condos as the main living areas and Cat Towers as supplemental play spaces. The possibilities are unlimited when creating spaces for happier, more relaxed cat residents.

CAT SOLUTION

Fiberglass Cat Suites

Thoughtfully designed to minimize stress for cats.

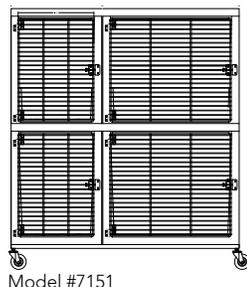

Based on veterinary best-practice research, Fiberglass Cat Suites minimize stress for feline occupants with a design that provides a warmer, quieter environment. Featuring two distinct compartments joined by a portal, cats have room to explore, retreat or rest.

Cat Suites help create a more soothing environment by offering: a translucent ceiling that allows more natural light into the suite; horizontal, powder-coated wires that enhance visibility and create a softer appearance; molded, solid-surface fiberglass that muffles exterior sounds and retains warmth; and a removable shelf that can be positioned for added perching.

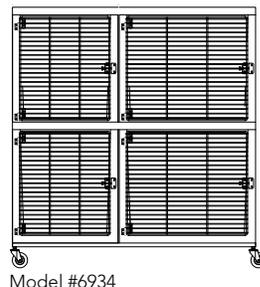

Cat Suites are manufactured with the magnetically triggered MagnaLatch system to ensure quiet-close latching that is less jarring for felines. With these many features, cats are assured of a quieter, warmer, less stressful stay.

CAT SOLUTION

Luxury Cat Condos

Based on guidelines from the Association of Shelter Veterinarians, Luxury Cat Condos are ideal for animal shelters.

Luxury Cat Condos are attractive and quiet, contributing to less stress and anxiety for cats. Incorporating best-practice recommendations from the ASV, condos offer separate areas for sleep, exercise and litter, enabling cats to explore, retreat and rest as they'd like. All of which help reduce stress for cats, which has been shown to improve adoption rates for shelter animals.

Luxury Cat Condos feature perching shelves; easy-close portal doors that eliminate the jarring door-slam; and wire-grid fronts that increase airflow while making it easier to interact with the cats.

Units are available in 3' and 4' widths, and single or double-stack configurations. Each comes standard with swivel-type casters for easy movement. You can also choose from a variety of non-organic materials, and door, window and portal styles.

CUSTOMIZABLE OPTIONS

Size: Midmark offers corner units to maximize your facility's capacity

Finishes: Almond, Mahogany Impressions, Napa Cherry, Swiss Pear

Accessories: Glass Fronts, Wire Fronts, Glass Backs, Vertical/Horizontal Portals, Keyed Latches, See other accessories (page 62)

Call for 1.800.543.5567 for a custom quote!

GLASS FRONT OPTION

Midmark Luxury Cat Condos can be ordered with glass fronts for a much healthier and more secure way to house cats. The glass is offset 1/8" and hangs over the door, allowing air to circulate under and into the cat's living space and keeps debris and disease from traveling to other units. Other units have portals in the front in the glass, which means germs can spread if a cat sneezes and fingers can get into the unit.

CAT SOLUTION

Cabinetry, Carts + Workstations

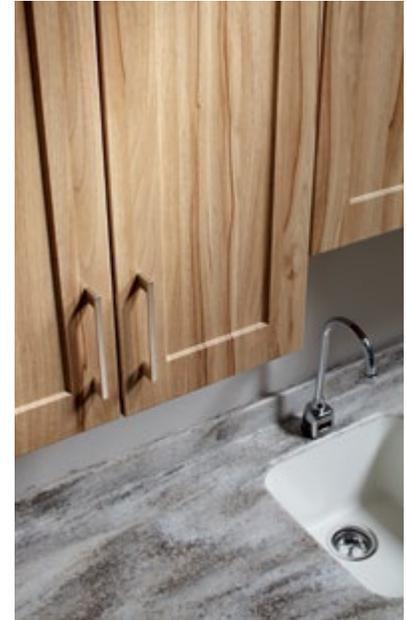

Meet the continually changing needs of your veterinary clinic with configurable cabinetry, mobile carts and workstations that help ensure supplies are available where and when you need them. By utilizing versatile equipment, you can maximize your space and optimize workflow, which all adds up to better patient care.

Synthesis[®] Cabinetry

The Blend of Beauty, Function and Design

Remodeling or building a new space can be overwhelming. That's where we come in. Synthesis[®] Cabinetry is designed to be easily configured to meet the needs of your unique space today and into the future. Let our in-house design team bring our inspired aesthetics, clinical designs and dependable Midmark quality together to help you create the clinical space of your dreams.

Initial Design Creation

Our in-house design team is skilled in creating efficient, effective veterinary workspaces.

Visit midmark.com/designcenter to start designing today!

Design Refinement

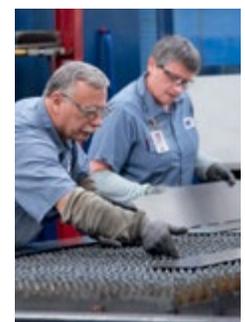

Our expert design team can create 3D virtual renderings of your dream space so you can see your options in living color.

Ordering and After-Sale Support

We'll see every detail through to ensure a positive experience from start to finish.

Contact Cabinetry Project Coordinators at **1.844.856.1236**.

Synthesis® Cabinetry is designed to withstand the rigors of animal healthcare environments.

- Two lines of cabinetry available including traditional base and upper cabinets as well as wall-hung base and tall cabinets in numerous configurations to fit your animal care facility needs
- Gravity-fed flow, angled flow shelving to improve visibility and access to supplies
- Seamless polystyrene drawers with rounded corners and one-piece construction allow drawers to contain spills and clean easily
- Steel frame construction delivers long life and consistent door and drawer performance, while the flexible shell design allows configuration changes as needed
- Soft-close hinges and slides help maintain a quiet environment, supporting patient comfort
- Durable, adjustable 110-degree steel hinges give a distinct, clean look to the cabinetry
- Adjustable, self-cleaning ball bearing slides allow the drawers to slide in and out smoothly every time
- Optional surfaces and EPA-registered antimicrobial pulls and countertops help complement your current asepsis procedures
- Seamless thermofoil panels resist the spill damage, chemical degradation and delamination that often occur in common millwork products.

Contact Cabinetry Project Coordinators at **1.844.856.1236**.

Synthesis® Wall-Hung Cabinetry

Midmark is building on a solid foundation of Synthesis Cabinetry and proud to offer a new line of wall-hung base and tall cabinets. Built with all the principles of Synthesis Cabinetry in mind, this new cabinetry further enhances how you store and access the supplies you need.

ENHANCED ERGONOMICS

Improved reach and visibility take the strain out of accessing necessary supplies.

GREATER VISIBILITY

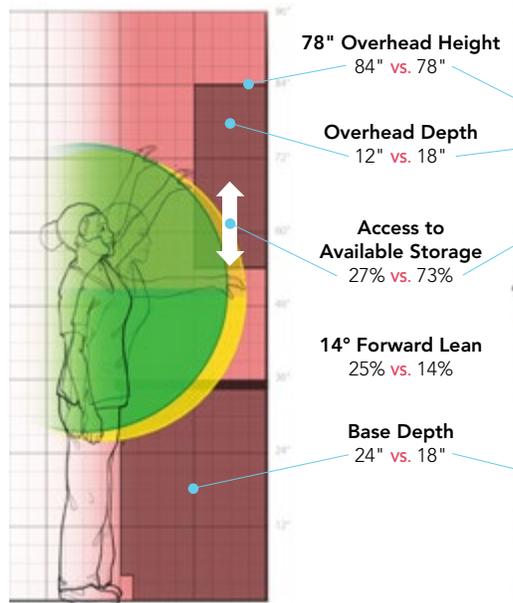

Sufficient visibility into storage areas, standardization of supplies through organization and elimination of wasted storage space.

IMPROVED CLEANABILITY

Easier wall-to-wall cleanability and infection prevention in high traffic areas.

Standard Cabinet Configuration

Tall Wall-Hanging Cabinet Configuration

Based on 50th percentile female reach.

Veterinary Treatment Chase

Our space-saving chase designs allow you to have the equipment you need, where you need it, without sacrificing floor space. Maximize the open floor space in your treatment area with a treatment chase to help create the most efficient, effective space possible.

- The treatment chase units are pre-configured to arrive at your hospital ready for installation of our equipment
- Wall mount light plates bolt securely to the chase unit so your procedure light can be positioned where you need it with no sag or drift
- Plumbing and electrical lines are neatly concealed within the chase
- A pentagonal configuration is also available that has convenient 4" access panels

Access Panel

Synthesis® Color + Style Options

Put your unique signature on your space, whether it is in one hospital or standardization across many animal care facilities.

Mobile Workstations

Choose from numerous configurations that help you utilize your hardware while keeping your focus and eye contact on your patients and clients.

- 26 inches of adjustment allows for a wide range of ergonomically correct positioning whether seated or standing
- 4-inch caster base enables easy maneuverability
- 180 degrees of rotation helps maintain eye contact with your patients

6212 FLAT PANEL PC WORKSTATION

- Flat panel arm with 100 mm to 75 mm standard mounting locations
- Height adjustment from 23" to 49" from the floor
- 26" W x 23" D worksurface
- Weight capacity: 30 lb

Dentistry Solutions

Offering comprehensive dentistry services promotes overall patient health—and it's good for business. The Midmark portfolio of dental products, clinical training, benchmarking resources, and design and workflow services helps you deliver an exceptional care experience.

Dental Delivery Systems

Midmark 1000

The Midmark 1000 is an all-in-one dental delivery system that does not require added equipment. Reliable and easy to use, it is an ideal choice when adding comprehensive dentistry to your practice.

- Fully enclosed delivery system makes cleaning quick and easy and minimizes compressor sound level
- All dental delivery systems include high- and low-speed handpieces, Midmark bur starter kit and starter supply of prophyl angles
- Integrated Acteon Satelec® Piezo Scaler saves valuable space and improves efficiency during the procedure. Scaler tips included
- Quickly toggle between the dual, 1-liter water bottles with a flick of a switch, without de-pressurizing the system
- Handpieces automatically activate when removed from holders allowing you to focus on your patient
- Medical-grade casters allow you to position the cart where you need it
- Optional LED and fiber optics for proper lighting
- Integrated oil-free compressor eliminates potential oil exposure to patients and messy changes
- Standard Midwest 4-hole connection
- 115V AC
- 10' hospital-grade powercord
- 18.5"w x 23"d x 36.5"h

8000-003	Midmark 1000 with non-lighted integrated scaler and fiber optics	\$9,478.00

Midmark High-Speed Handpieces

- Smooth, quiet operation at 360,000–400,000 rpms
- Swivel high- and low-speed option—and light weight for improved ergonomics
- Ergonomic, wide, no-slip grip
- Debris-shield™ bearing shield system minimizes entry of debris into bearing
- 4 port spray for better water coverage and cooling
- Ceramic bearings for lower maintenance, extended life, and quiet operation
- Fast cutting power
- Manufactured in the USA
- 1-Year limited warranty (90 days on chuck)

Midmark Low-Speed Handpieces

- Ceramic bearings for lower maintenance, extended life and quiet operation (routine lubrication not required)
- Swivel for reduced hand fatigue
- Small and lightweight
- Smooth, quiet operation at 0-5,000 RPM
- Prophy heads slip in and out, quickly and easily
- Accepts all 3/32" burs and doriot heads
- Manufactured in the USA
- 1-year warranty

Dental Delivery Accessories

DENTAL BURS

Meisinger™ tungsten carbide instruments provide excellent quality

- Functional precision tooling
- Above-average concentricity
- Made of high-density fine-grain metal
- Round burs are typically used for burring away bone
- Inverted cone is for undercutting and restoration
- Cross Cut burs are for sectioning teeth
- Diamond burs are for smoothing bone and enamel

NOTE: All burs except autoclavable diamond burs should be disposed of after each use.

016-1204-00	#2 Round, 5/pk.	\$12.00
016-1204-01	#4 Round, 5/pk.	\$12.00
016-1204-02	#6 Round, 5/pk.	\$12.00

016-1204-07	#558L Cross Cut Straight Fissure, 5/pk.	\$12.00
016-1204-03	#701 Cross Cut Tapered Fissure, 5/pk.	\$12.00
016-1204-04	#701L Cross Cut Tapered Fissure, 5/pk.	\$12.00
016-1204-09	#831F Diamond Football, Fine, 5/pk.	\$59.00
016-1204-08	#869LF Diamond Torpedo, Fine, 5/pk.	\$59.00

NOTE: Explore all of the burs Midmark offers, visit midmarkserviceparts.com.

MIDMARK BUR STARTER KIT

Contains one of each standard bur and labeled, autoclavable holder.

002-1158-00	Midmark Bur Starter Kit	\$61.00
-------------	-------------------------	---------

RODENT DENTAL BUR KIT

002-1664-00	Rodent Dental Bur Kit for use with Midmark low-speed handpiece (002-1277-01) and 1:1 nose cone (016-1605-00)	\$183.00
016-1204-10	Diamond disc, medium grit, #930D	\$36.00
016-1204-37	Diamond Bur, extra long 5/pk.	\$59.00
057-1353-00	Dental Guard, Disc	\$60.00
057-1354-00	Dental Guard, Bur	\$60.00

CROSSTEX TWIST™ PROPHY ANGLES

The Crosstex twist™ is a unique, disposable prophy angle that moves in a 90° reciprocating, back-and-forth motion instead of a traditional spinning motion, which reduces hair and whiskers getting caught. This patented design eliminates the spatter of prophy paste, saliva, blood and other potentially infectious matter. It also eliminates frictional heat while maintaining continuous contact and pressure on the tooth surface.

002-1279-02	Crosstex TWIST prophy angles, 100/pk	\$214.00
-------------	--------------------------------------	----------

002-1158-00

002-1664-00

SATELEC® PIEZO HANDPIECES

- Linear vibration mimicks hand scaling
- Produces less heat to prevent enamel damage
- Thicker handpiece to help with hand fatigue
- Requires less water to cool tips
- LED option provides excellent lighting in hard to see areas
- Cruise control feature regulates scaling pressure to ensure patient safety

016-1218-00 Scaler Hand Piece \$1,082.00

016-1375-00 LED Scaler Hand Piece \$1,216.00

ACTEON SATELEC® SCALING TIPS*

Made from the best alloys, exclusive to Satelec®, using patented procedures.

- Corrosion resistant
- Autoclavable
- Calibration: each tip is individually tested and "tuned" using the latest in ultrasonic calibration techniques
- Spray Control System (SCS): more powerful cavitation, better spray control and perfectly-controlled vibration energy at the end of the instrument
- Color Coding System (CCS tips): inserts are color coded to show their recommended power range

016-1203-00 Universal, Tip No. 1 \$146.00

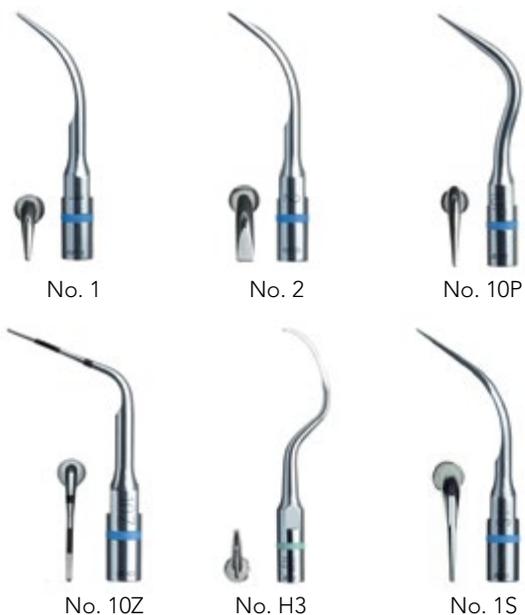

016-1203-03 Voluminous Calculus, Tip No. 2 \$146.00

016-1203-04 Shallow Pockets, Tip No. 10P \$146.00

016-1203-01 Subgingival, Tip No. 10Z \$175.00

016-1203-02 Periodontics, Micro Universal Curette, Tip No. H3 \$180.00

016-1203-13 Universal Scaling, Longer and Thinner, Tip No. 1S \$172.00

*For a complete listing of tips available for the Acteon Satelec® Scaler visit midmarkserviceparts.com.

ACTEON UROLITHIASIS PROBES

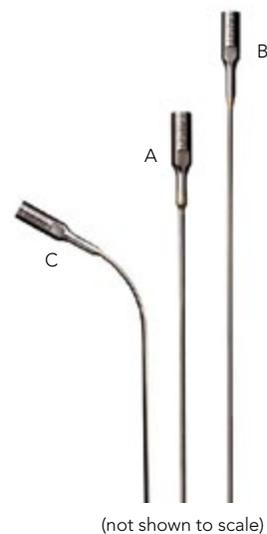

Use ultrasonics to quickly and efficiently break up stones located in the urethra. Urolithiasis probes are compatible with the Satelec® ultrasonic scalers used in the Midmark dental delivery systems and are connected to the scaler handpiece in the same way as scaling tips.

016-1203-05 Dog probe, short (102 mm) (A) \$141.00

016-1203-07 Dog probe, long (156 mm) (B) \$141.00

016-1203-06 Cat probe (C) \$141.00

002-1238-00 Kit, 3 Veterinary Urolithiasis Probes
- Dog, short/Dog, long/Cat \$363.00

(not shown to scale)

DR Dental Radiography Sensors

The industry's first and only veterinary-specific, bite-resistant sensor from the leader in digital dental radiography—Midmark. We've combined our excellent image quality with a patented sensor housing to provide clear, crisp images with unbeaten resistance to bite damage—four times more than our standard sensor.

The Midmark digital sensor is designed to deliver the soft-tissue visualization plus crown and root definition that you need to ensure you are providing your patients with superior dental care.

- Patented bite-resistant sensor housing design
- Kevlar® reinforced cable for improved durability
- Waterproof, hermetic seal reduces problems encountered during routine cleaning
- CMOS technology enhances image quality
- Rounded corners support positioning in tight spaces for better image capture of roots
- Software and technical support included
- In-clinic training course on software and positioning (CE: 4 hours)

WARRANTY:

A five year limited warranty is also included with the sensor purchase. If there is a catastrophic event making the sensor not function, it will be replaced at NO CHARGE the first time.

Midmark DC Generator

Delivering the most stable arm in the industry, the Midmark DC Generator leads the market with its proprietary braking mechanism in the horizontal and articulating arm. The Midmark DC is a high-frequency, veterinary-specific dental radiography system designed to meet the digital imaging needs of animal care providers.

- Exceptional image quality with digital sensors
- Compatible with phosphor plates and film
- 0.4 mm focal spot; 60, 65 or 70 kV; 4,5,6 or 7 mA
- Easy-to-read LCD display
- Unique settings menu with 30 pre-programmed techniques and patient-type selections
- Tube head positioning handle; and control panel that can be mounted in a separate location.
- 56", 66", 76" and 82" or mobile systems available
- Two-year warranty

Dental Radiography Software

Midmark Radiography solutions feature proprietary imaging software that is easy to learn and use. Whether you want to acquire, enhance or store images, our intuitive software includes canine and feline tooth templates organized using the Triadan System. The software is also DICOM compliant and seamlessly integrates with practice management systems and PACS servers.

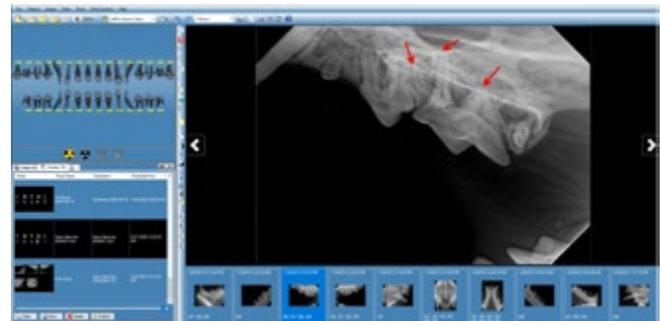

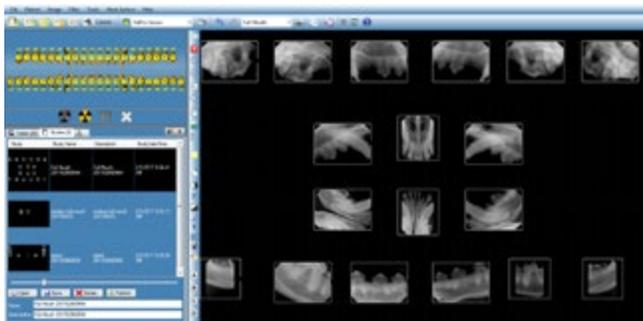

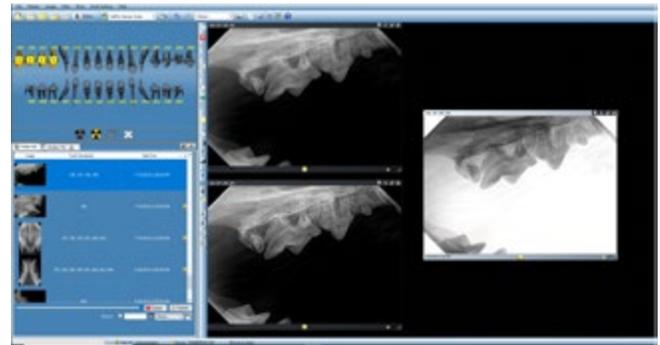

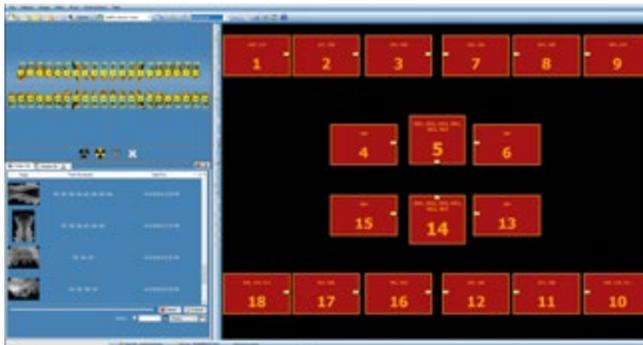

- Ongoing support and lifetime upgrades
- Exceptional image quality
- Easy to learn interface
- Simplified image acquisition
- Customizable templates
- Native DICOM format
- Easy-to-use image-enhancing tools
- Interfaces with practice management software
- Print custom take home reports
- Email option from work surface
- Modality worklist compatibility

Midmark Sterilizers

Midmark sterilizers are designed to be safe, easy to use and dependable. Every sterilizer is inspected and ASME certified by a third-party-licensed inspector, ensuring the reliability for which Midmark is known. The Midmark M9[®] and M11[®] Steam Sterilizers are designed, manufactured and supported in the US, with decades of manufacturing experience built into each one.

Midmark M11[®] Steam Sterilizer

Our Largest Standard Tabletop Sterilizer

- Automatic-opening Door
- Minimum Counter Space Required: 21" (53.3 cm) D x 17.8" (45.2 cm) W x 18.1" H (50.0 cm)
- Chamber Size: 11" diameter (28 cm) x 18" depth (45.7 cm)
- Weight: 99 lb (44.9 kg)
- Shipping Weight: 131 lb (59.4 kg)

M11-043	Midmark M11 Steam Sterilizer	\$6,572.00
M11-043-P	Midmark M11 Steam Sterilizer with Printer	\$7,154.00
M11-043-DL	Midmark M11 Steam Sterilizer with Data Logger	\$7,436.00

Instrument Processing

Midmark M9[®] Steam Sterilizer

- Automatic-opening Door
- Minimum Counter Space Required: 17.88" (45.4 cm) D x 15.3" (38.9 cm) W x 16.1" (40.9 cm) H
- Chamber Size: 9" diameter (22.9 cm) x 15" depth (38.1 cm)
- Weight: 73 lb (33.1 kg)
- Shipping Weight: 81 lb (36.7 kg)

M9-043	Midmark M9 Steam Sterilizer	\$5,625.00
M9-043-P	Midmark M9 Steam Sterilizer with Printer	\$6,233.00

Instrument Processing Workflow

Follow established instrument processing best practices, outlined here, to create a smooth workflow from dirty to clean that will help contain contamination and maximize the efficiency of your instrument cleaning and sterilization process. For more information on our Synthesis Cabinetry, see pages 64-73.

STEP 1

Receiving, Cleaning and Decontamination: Reusable instruments, supplies and equipment should be received, cleaned and decontaminated in one section of the processing area.

STEP 2

Preparation and Packaging: Cleaned instruments and other supplies should be inspected; assembled into sets or trays; and wrapped or packaged for sterilization.

STEP 3

Sterilization: The sterilization area should include the sterilizer and related supplies with adequate space for loading, unloading and cool down.

STEP 4

Monitoring/Sterility Assurance: Use mechanical, chemical and biological monitoring to ensure effectiveness of the sterilization process.

STEP 5

Storage: The storage area should contain space for sterile items and disposable items. Supplies and instruments should not be stored under sinks or in other locations where they might become wet.

Lighting + Scales

The advanced lighting design of Midmark operating lights delivers the true, reduced-shadow white light you need to properly match shades, see details and diagnose tissue. Various mounting configurations are available to meet your design needs.

The accuracy of Midmark scales is dependable and precise up to 330 lb.

Procedure Lights

Midmark® 255 LED Procedure Light

- Significantly more light intensity than similar products at 7,500 footcandles, an excellent color rendering index of 95 out of 100, and a color temperature of 4,400 K
- Counterbalanced design allows easy positioning of the light, precisely where you want it, without drifting
- 16 LEDs reflecting evenly off of 1,040 reflective facets will reduce the disruption of shadows while you work, producing an even distribution of light for uninterrupted illumination
- Turn the light on/off and adjust light intensity from controls on each side of the light head
- LEDs have 100 times longer life than most halogen lamps while consuming less energy, resulting in significant savings year after year
- Sleek contours, a sealed light head and an autoclavable handle help save maintenance time and increase product life
- ANSI/AAMI ES 60601-1, CAN/CSA C22.2 No. 60601-1, EN 60601-1-2, EN 60601-1, RoHS, NFPA 99, EN 60601-2-41

The following model numbers are recommended based on the following ceiling heights (measured from the bottom of the ceiling surface to the floor).

Below 8'	255-025	Mobile Procedure Light
8' to 9'	255-021, 255-023	8' Single or Dual Light
9' to 10'	255-022, 255-024	9' Single or Dual Light
Above 10'	255-025, 002-1865-00	Mobile Procedure Light or 10' Ceiling Mount Adapter Kit

MIDMARK® 255 LED PROCEDURE LIGHT, DUAL CEILING MOUNT

- 255-023 255 LED Procedure Light, Dual Mount, 8' (2.4m) ceiling \$7,191.00
- 255-024 255 LED Procedure Light, Dual Mount, 9' (2.7m) ceiling \$7,191.00

MIDMARK® 255 LED PROCEDURE LIGHT, WALL MOUNT

- 255-026 255 LED Procedure Light, Wall Mount \$4,843.00

Exam Light

Midmark 250, LED Exam Light

- LED technology for up to 25,000 hours of useful bulb life
- 45% less energy consumed than equivalent halogen lights
- 4,000 K color temperature
- 1,800 footcandle intensity (19,375 lux)
- Exam light weight: 20 lb
- Shipping weight: 25 lb

- 250-003 250 LED Exam Light \$430.00
- 9A621001 Caster Base Accessory \$35.00

Caster Base Accessory

Treatment Lights

Midmark® 120, LED Treatment Light

- Light intensity: 40,000 lux, at a distance of 39.4"
- Color temperature: 4,500 K
- Light head diameter: 11.4"
- Made up of 12 LEDs
- Life cycle of LEDs: >60,000 hours
- 3-year limited warranty

122-1203-13	120 Single Ceiling Mount Light	\$2,891.00
122-1203-14	120 Dual Ceiling Mount Light	\$7,461.00

122-9240-94	Sterilizable Handle Only	\$78.00

Midmark 130, LED Treatment Light

- Light intensity: 60,000 lux, at a distance of 39.4"
- Color temperature: 4,500 K
- Light head diameter: 13"
- Made up of 19 LEDs
- Life cycle of LEDs: >60,000 hours
- 3-year limited warranty

122-1303-13	130 Single Ceiling Mount Light	\$3,613.00
122-1303-14	130 Dual Ceiling Mount Light	\$8,901.00
122-1303-12	130 Wall Mount Light	\$3,098.00
122-1303-11	130 Mobile Light	\$3,247.00
122-9240-93	130 Sterilizable Handle w/ adapter	\$187.00
122-9240-94	Sterilizable Handle Only	\$78.00

Scales

LCD Cat Scale

- Spacious platform 20" x 14"
- Accommodates large cats
- Dependable and accurate
- Easy-to-read 1" LCD display
- Built-in sleep function
- Ounces or kilograms – weighs in 0.5 ounce or 10 gram increments
- 44 pound/ 20 kilogram capacity
- Powered with AC adapter or one 9-volt battery

110-5090-07 LCD Cat Scale \$367.00

Platform Scale

- Post mount and no slip mat included with scale
- Stainless steel platform with drip edge
- The stainless steel provides long-lasting durability and easy wipe-down cleaning
- HOLD key on the remote display allows the animal's weight to be retained after leaving the platform
- Large 44" L x 22" W size with 330 lb capacity is ideal for weighing medium to large animals
- AC or battery power with low battery indicator and auto-off feature to extend battery life
- Adjustable feet for easy leveling
- Easy-to-read backlit display
- Tare feature for weighing using baskets or crates
- Can be mounted on a variety of lift tables

110-3110-00 Platform Scale \$1,230.00

Midmark AcademySM

Midmark is the trusted name in veterinary, dentistry, anesthesia and monitoring solutions that help create better care experiences. Training provided in your hospital, on your equipment, with your entire staff optimizes consistent standards of care across your hospital. Our RACE-approved training courses are delivered by industry-leading dental and anesthesia specialists who will teach you how to achieve the highest level of dental and anesthesia excellence to grow your practice and improve the health of your patients.

Dental Radiography Positioning Training

Comprehensive, hands-on, half-day training performed in your clinic by a member of the Midmark Animal Health Training and Education Network.

This in-clinic training will help your entire staff become more efficient with acquiring those challenging views.

Training topics include:

- Generator usage
- Midmark imaging software training
- Positioning techniques for both canine and feline patients
- How to overcome common positioning mistakes
- Proper maintenance and storage techniques

Veterinarians and credentialed technicians who complete this session will earn four hours of CE credits* for dental radiography and positioning training.

4 CE Credit Hours*

VI-RAD Dental X-ray Positioning Training \$1,550**

To set up your training session or if you have any questions, please contact your local distributor representative or email: midmark-academy@midmark.com

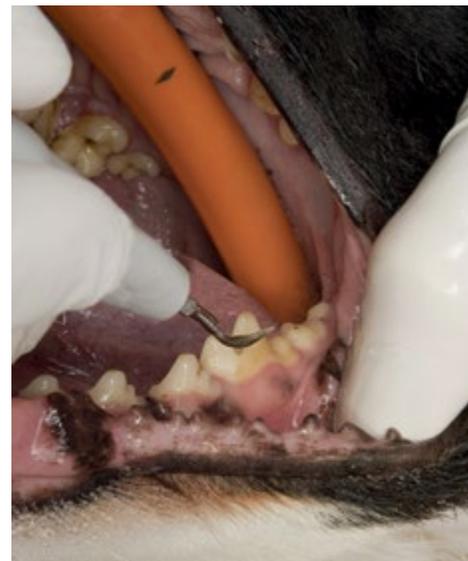

Cleaning, Probing and Charting Training

This training will help participants become familiar with best practices for dental cleaning, probing and charting.

Training topics include:

- Preparation—including rinse, before and after photos, proper attire and safety
- Execution—including tools, sub/supra-gingival scaling, polishing, probing and charting
- Instrument sharpening and care
- Common pathologies
- Anatomy review and Triadan numbering system
- Probing technique
- Proper use and maintenance of your Midmark high-speed system

Veterinarians and Veterinary Technicians who complete this session will earn four hours of CE credits* for Dental Cleaning, Probing and Charting Training.

4 CE Credit Hours*

VI-CPC Cleaning, Probing & Charting Training \$1,550**

VI-RDCP Both Courses Above If Taken on the Same Day \$2,587

*These programs were reviewed and approved by the AAVSB RACE program for four hours of continuing education in jurisdictions which recognize AAVSB RACE approval. Please contact the AAVSB RACE program if you have any comments/concerns regarding a program's validity or relevancy to the veterinary profession. Provider #436.

**Pricing for Continental US only.

Anesthesia Monitoring 101

Our comprehensive, hands-on, half-day anesthesia monitoring training is provided in your clinic by a member of the Midmark Animal Health Training and Education Network.

This training from Midmark Animal Health will help participants become familiar with best practices for operating and maintaining their anesthesia and monitoring equipment.

Training topics include:

- Anesthesia machine theory of operation, function of components and flow of gases
- Proper equipment maintenance for long-term performance and better patient outcomes
- Overview of ACVAA anesthetic monitoring guidelines for small animals
- Five-parameter, hands-on monitoring including circulation, oxygenation and ventilation
- How vital signs are measured and what the readings mean

Veterinarians and credentialed technicians who complete this session will earn four hours of CE credits* for Anesthesia Monitoring 101. Class size is limited to 10 attendees.

VI-AMT Anesthesia Monitoring 101 \$1,550**

4 CE Credit Hours!*

To set up your training session or if you have any questions, please contact your local distributor representative or email: midmark-academy@midmark.com

Anesthesia Monitoring 201

Building on the skills of our 101 lab, our 201 lecture is provided in your clinic by a member of the Midmark Animal Health Training and Education Network.

Following the prerequisite Anesthesia Monitoring 101 dry lab, this lecture will help participants learn the keys to completing a successful anesthetic case.

Training topics include:

- Review of ACVAA/AAHA monitoring/anesthesia guidelines
- Setting up the patient for an anesthetic case
- Balanced anesthesia/pain management best practices
- Troubleshooting vital signs readings and anesthesia complications
- Developing an anesthesia record-keeping plan

Veterinarians and credentialed technicians who complete this session will earn four hours of CE credits* for Anesthesia Monitoring 201. Class size is limited only by the size of the classroom space.

VI-AMT2 Anesthesia Monitoring 201 \$1,550**

VI-AMT3 Anesthesia Monitoring 101 + 201 (scheduled on same day) \$2,587**

4 CE Credit Hours!*

*This program was reviewed and approved by the AAVSB RACE program for four hours of continuing education in jurisdictions which recognize AAVSB RACE approval. Please contact the AAVSB RACE program if you have any comments/concerns regarding this program's validity or relevancy to the veterinary profession. Provider #436.

**Prices vary for clinics located outside the Continental United States.

Midmark AcademySM Clinical Training Packages

GOLD PACKAGE DENTISTRY TRAINING*

Dentistry success requires more than just the right equipment—it takes a comprehensive team. When your entire team is thoroughly trained, you can build a foundation for long-term, sustained growth and success for your dental program. This two-day in-clinic training event begins with the Dentistry Best Practices interactive workshop for your entire staff, customized to your practice and designed to engage your team in launching a comprehensive dental program proven to double your dentistry within 12 months.* The second day clinical lab will prepare your veterinarians and technicians with the skills and confidence to perform comprehensive oral radiographic exam ("CORE") procedures and to treat underlying oral disease with fundamental techniques in pain management and oral surgery.

Following this approach, more than 150 hospitals nationwide* have experienced results that include:

- Better client compliance
- Improved patient outcomes
- Team empowerment
- Reduced turnover
- Practice growth

Midmark AcademySM in-clinic training is a lasting investment in better care. Learn more at MidmarkAcademy.com or contact midmark-academy@midmark.com. Talk to your distributor partner about available financing.

Monitoring

State-of-the-art Midmark diagnostic and multiparameter monitors provide the gold standard in efficient, accurate patient monitoring. Our family of total monitoring solutions features Cardell® BP technology, veterinary-specific algorithms and innovative, staff-friendly capabilities that make it easier to get reliable, precise readings, even in small companion animals.

Multiparameter Monitoring

Midmark® Multiparameter Monitor

With decades of clinical experience responding to common anesthetic issues, we have designed enhanced features to help your team avoid pitfalls and prevent anesthetic complications. In addition, the Midmark Multiparameter Monitor features Cardell® blood pressure technology, veterinary-specific algorithms and innovative, staff-friendly capabilities.

With the right monitor, you can help provide safer, more efficient care, giving you and your patients' families peace of mind.

- 12.1" touch screen display
- Pre-procedure checklist
- CO₂ soda lime absorbent reminder
- Exclusive Cardell® BP technology
- BP screening mode
- Nellcor® SpO₂
- ECG and CO₂ libraries
- CO₂ monitoring availability
- Masimo® Multigas availability
- Optional 3-channel printer
- Optional Invasive BP
- ECG data export capabilities
- USB port for downloading data and uploading software
- 2-year limited warranty

Diagnostic Monitoring

Cardell® Insight Diagnostic Monitor

Designed to be compact, lightweight, and durable, with an intuitive touch screen interface for ease of use. The Cardell® blood pressure technology provides accurate and reliable blood pressure readings with optional Nellcor® SpO₂ monitoring.

Popular uses include:

- Examination, treatment, surgery, recovery
- Monitoring patients as they are moved around your hospital
- Mobile practices and field monitoring purposes

Features:

- 3 animal-specific alarm settings provide quicker patient set up
- Bright 7" touchscreen display with anti-glare coating for better viewing from any angle
- Fixed touch selection provides quick and easy access to most used functions
- 10-hour battery life with 5-minute auto mode for blood pressure allows for increased mobility
- 2-year limited warranty

8014-001	Cardell® Insight Diagnostic Monitor, NIBP	\$3,046.00

Royal Saddle Plus Chair

The Royal Saddle Plus Chair is designed in a way that is easy to adopt a better sitting posture while working. The small and round backrest gives precise support to the lower back and ensures maximum freedom of movement. The seat is in saddle shape, which means that you are not forced to adopt a 90° sitting angle, but are given the space to adopt a position where the knees are lower than the hips. This open hip angle makes it easier to stretch the back, so that it takes less effort to maintain a good work posture.

102-7400-11	Royal Saddle Plus Chair - Black Licorice	\$1,092.00

Tables, Tubs, Sinks + Groomi

Midmark® lift tables take the "strain" out of lifting large patients, to allow positioning them easily and quietly. Spacious work surfaces are complemented by multiple options including scale top for taking weight at the time of the exam. The lift tables are available with hand or foot controls.

Midmark scrub sinks are a good addition to our surgery tables for pre-surgical scrub. The stainless steel construction will last the lifetime of your facility.

Midmark adjustable height grooming tubs are available in stainless steel or fiberglass. The stainless steel model is available with or without telescoping ramp while the fiberglass unit elevates occupants to allow for an efficient and ergonomic work environment for your staff.

Exam Tables

Synthesis® Fixed-Height Dry Tables

Built with the benefits of Midmark Synthesis® Cabinetry, this dry fixed-height table is a standard 36" height. Integration with the Synthesis collection ensures a cohesive, aesthetic design throughout your space. Numerous configurations are available to support clinical workflows, while sturdy 18-gauge construction and baked-on epoxy finishes give your tables a long-lasting, professional look that will distinguish your practice.

- Soft close hinges and adjustable ball bearing glides support a quieter environment for patients.
- Seamless polymer-covered drawer and door panels prevent spilled liquids from seeping into crevices and joints.
- Modular cabinetry components can be easily expanded as your practice grows.

Synthesis® Fixed-Height Island Tables

Synthesis Fixed-Height Island Tables are ideal for exam spaces and treatment rooms. Island table countertops are available in a variety of stainless steel and laminate options, while various door and drawer configurations can also be selected. 44" and 59" lengths suit different room layouts, or custom designs can be explored to help you create the right space for your needs.

- Soft close hinges and adjustable ball-bearing glides support a quieter environment for patients.
- Seamless polymer-covered drawer and door panels prevent spilled liquids from seeping into crevices and joints.
- Sturdy, 18-gauge steel construction and baked-on epoxy finishes give your treatment tables a long-lasting, professional look that will distinguish your practice.

9A549001 Traction Mat Accessory \$144.00

Note: Optional mounting bracket (002-1692-00, \$439.00, sold separately) or additional backing structure may be required for steel stud applications.

Lift Tables

Midmark® CM Dry Exam Lift Table

The Midmark CM Exam Lift Table is height adjustable from the floor up to a maximum height of 44", giving it the greatest range of motion on the market. The CM Exam Lift Table has quality features designed to create greater efficiency in your practice:

- Table lowers completely to the floor and rises to 44" high
- 300 lb load capacity
- Perpendicular design supports better eye contact with clients while providing unrestricted access to both sides of the table.
- Only the tabletop moves, unlike other units where the tabletop and back move as one piece, so the scale weight display remains at eye level no matter the position of the table
- Table can be raised or lowered from either side via a toggle switch or by using the convenient foot pedal
- 115V AC, 60 Hz, 10 AMP
- 55-1/2"L x 25-1/2"W x 60"H

CMWO Midmark CM Dry Lift Table without Scale \$8,927.00

CMWS Midmark CM Dry Lift Table with Scale \$10,334.00

This product has limited availability outside of the US. For confirmation, please contact Midmark Customer Experience.

NOTE: For ordering information or to ask about part number items shown above, contact us at 1.800.299.9525.

Midmark® Mobile Lift Table

- Height adjusts from 12-3/4" to 37-1/2"
- Sturdy design with heavy duty lifting mechanism and motor is able to handle large animals
- 3" heavy-duty locking casters hold the table securely in place for exams and roll easily on even or uneven floors
- Rechargeable battery power allows the table to be used without being plugged in—charging process can be interrupted to allow table use
- Built-in battery charger—just plug in to outlet to recharge. Low-battery indicator "beeps" when charging is needed. Recharge takes only 4-6 hours.
- Large Exam Surface—22"W x 50"L 20-gauge stainless steel top with anti-drip-edges. Top has 1-1/8"-thick inner board for a solid, quiet working surface.
- Patient weight capacity: 225 lb
- Available with built-in scale for weighing at the time of exam

Treatment Tables

Midmark® CM Wet Dental/ Treatment Lift Table

The Midmark CM Wet Dental/Treatment Lift Table is an adjustable height lift table with a wet treatment tub. The table is designed to eliminate lifting to the treatment table and to allow for a variety of operator positions. The tabletop lowers to within 9.5" of the floor and rises to 44" high. The shallow wet tub is excellent for all treatment and dental procedures. The conveniently located, temperature-controlled, ultra-light 8-ft sprayer extends beyond the table length for complete coverage and easy cleaning. The removable hair trap and easy-clean drain make maintenance a breeze. Connections provide for easy installation to hot and cold water and drain. Available in both 45" and 60" tables.

- Load capacity is 300 lb
- Freestanding, requires no bolting to floor or wall, and is completely finished including the back
- Fully assembled and ready for hook-up and immediate use
- Completely sealed units ensure a remarkably quiet actuator operation and require no internal maintenance
- 115V AC, 60 Hz, 10 AMP
- 45" Model is 62" L x 30" W x 60" H
- 60" Model is 77" L x 30" W x 60" H

This product has limited availability outside of the US. For confirmation, please contact Midmark Customer Experience.

Synthesis® Fixed-Height Wet Treatment Tables

Synthesis® fixed-height wet tables easily integrate with your treatment area to create a uniform, aesthetic environment. Leveraging sturdy 18-gauge steel-on-steel construction and baked-on epoxy finishes, multiple configurations can be created to support your requirements. Both shallow and deep tubs support various treatment procedures.

- Perpendicular design allows unrestricted access to both sides of the table.
- Easy-to-clean drains and hair traps simplify maintenance.
- Open-end design simplifies plumbing integration (closed-end option available).
- Durable, soft-close hinges support a quieter environment for patients.

Midmark Limited Warranty

SCOPE OF WARRANTY

Midmark Corporation ("Midmark") warrants to the original retail purchaser that it will repair or replace components of the animal health products manufactured by Midmark (except for products and components not warranted under "Exclusions") that are defective in material or workmanship under normal use and service. The sole remedy under this limited warranty is the repair or replacement, at Midmark's option, of the applicable products or components. This limited warranty shall only apply to defects that: (i) are reported to Midmark within the applicable warranty period; and (ii) are determined to exist upon examination by Midmark. This limited warranty extends only to the original retail purchaser of a product, and is not transferable or assignable.

APPLICABLE WARRANTY PERIOD

The applicable warranty period for each Midmark product commences on the date of delivery to the original retail purchaser of the product and shall continue for the period specified in the attached Warranty Guide, which Warranty Guide is expressly incorporated herein. References in the Warranty Guide to specific component warranty periods are in place of and supersede the generally applicable warranty period for the product under which the component is listed.

OBTAINING WARRANTY SERVICE

Warranty service must be obtained through either Midmark or an authorized dealer in the Midmark product line for which warranty service is requested. Midmark may be contacted for warranty service inquiries or issues via email at www.midmark.com, by mail to Midmark Corporation, 60 Vista Drive, Versailles, Ohio 45380, or by phone at: 1-800-MIDMARK.

It is the retail purchaser's obligation to arrange for delivery of a product to Midmark or one of its authorized dealers for warranty service, which delivery shall be at retail purchaser's expense. It is also the retail purchaser's obligation to comply with the warranty service instructions provided either by Midmark or its authorized dealer. The retail purchaser must provide Midmark with completed warranty registration information within thirty (30) days after purchase in order to obtain the benefits of this limited warranty.

EXCLUSIONS

This warranty does not cover sinks, faucets and plumbing accessories. Any warranties on these items are extended directly by the manufacturer of these items to the original purchaser. Information on these manufacturers' warranties will be enclosed with the applicable products. Also, Midmark will furnish copies of any warranties extended by any such manufacturers upon request.

This warranty does not cover and Midmark shall not be liable for: (1) repairs and replacements required because of misuse, abuse, negligence, alteration, accident, freight damage or tampering; (2) matching of color, grain or texture except to commercially acceptable standards; (3) changes in color caused by natural or artificial light; (4) products which are not installed, used or properly cleaned as required in Midmark's written Installation Manual; (5) specially manufactured products; (6) products considered to be of a consumable nature such as light bulbs and surge suppression products; (7) accessories or parts not manufactured by Midmark; (8) charges by anyone (including Midmark's authorized dealers) for adjustments, repairs, replacement parts, installation or other work performed upon or in connection with such products which is not expressly authorized in writing in advance by Midmark.

EXCLUSIVE REMEDY; CONSEQUENTIAL DAMAGES DISCLAIMER

Midmark's only obligation under this limited warranty is the repair or replacement of defective parts. Midmark shall not be liable for and hereby disclaims any direct, special, indirect, incidental, exemplary or consequential damages or delays including, but not limited to, damages for loss of profits or income, loss of use, downtime, cover, and employee or independent contractor wages, payments, and benefits. This disclaimer shall survive any failure or asserted failure of the essential purpose of this limited warranty or its remedies specified herein.

NO AUTHORIZATION

No person or firm is authorized to create or approve for Midmark any other obligation or liability in connection with Midmark products.

WARRANTY DISCLAIMER

THIS LIMITED WARRANTY IS MIDMARK'S ONLY WARRANTY AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. MIDMARK MAKES NO IMPLIED WARRANTIES OF ANY KIND INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

STATUTE OF LIMITATIONS

No action may be brought against Midmark for breach of this limited warranty, an implied warranty, if any, or for any other claim arising out of or relating to the products, more than ninety (90) days following expiration of the warranty period. In the event multiple warranty periods exist with respect to a product, the ninety (90) day period provided for herein shall begin to run from expiration of the warranty period for the component to which the claim relates.

SEVERABILITY

In the event any provision of this limited warranty is determined to be invalid or otherwise unenforceable: (i) the provision shall be enforced in a manner that closest holds to its intent, while at the same time curing the invalidity or unenforceability, and (ii) the balance of this limited warranty, being severable, shall not be affected in the event the provision that is invalid or unenforceable cannot be enforced in any respect.

Products from the Midmark Carthage, MO and Leesburg, OH locations are warranted for one (1) year from the date of delivery to the original purchaser only unless specified in product warranty guide. Warranty is only applicable if customer complies with all instructions and specifications furnished by Midmark relating to installation, care, and application. Customer agrees that they will not modify, misapply, or misuse product in any manner which deviates from the Midmark instructions. Any repairs, alterations, or services provided by parties other than Midmark or its authorized representatives may void warranty. The buyer is responsible for all freight charges on returned items.

Midmark Product Ordering

1. ORDERING

Please include the following with your order:

- Quantity
- Part number
- Description
- Signature of person placing the order
- Approximate shipping date required
- Method of transportation
- Purchase order number

2. RETURN OF SPECIAL DESIGN AND REGULAR MERCHANDISE

Orders for equipment, cabinetry and containment/boarding of special design, construction, finish or upholstery are not subject to cancellation after your acceptance of our acknowledgement. Special design products, custom design cabinets/containment and special upholstery WILL NOT be accepted for credit.

Authorization must be obtained for the return of any item. If return is authorized, transportation charges must be prepaid. Items returned for credit are subject to a charge of 25% or more to cover inspection, reconditioning and repackaging. Anesthesia accessory returns are not accepted for rubber goods over 30 days old, rubber goods not in original, sealed package and all hoses. Goods without a Return Goods Authorization (RA) and merchandise more than 90 days old (from Midmark invoice date) are also not accepted for return.

Note: Certain items are non-refundable: Specials, Midmark Cabinetry, Containment/Boarding, Care Exchange™ Workstations, Discontinued Items or Parts, Custom or Nonstandard Colors, Service Upholstery and Service Parts if value is less than \$50.

3. FREIGHT DAMAGE

It is the consignee's responsibility to count and inspect upon receiving. Merchandise arriving with external damage should be described on Proof of Delivery, Delivery Receipt or Bill of Lading. In case of concealed damage, consignee must contact the carrier within 5 days after receipt and claims for damage instituted.

4. IMPROVE PRODUCT QUALITY

Midmark Corporation reserves the right to change design and construction without notice.

5. ORDER CHANGES

Any requested change to an order after the acknowledged ship date could result in an extension of the scheduled ship date. The new ship date will be re-scheduled/acknowledged based on the extent of the changes requested.

6. CONTAINMENT + CABINERY ORDER CHANGES

All changes should happen before the receipt of the order. Order changes made after receipt of an order may incur a change fee and a shipping date change. This fee will cover materials, labor, and handling costs. All changes must be submitted in writing. Upon review and approval of changes, the order will be moved to the next available ship date.

7. SPECIAL ORDER REQUIREMENTS

Any order requiring special deviation from standard product will carry the following disclaimer:

We hereby accept and acknowledge the above captioned order provided, however, because of the special nature of this order in that this equipment is being supplied upon special design specifications, special materials, and/or field modification, as per your request, the standard warranties of Midmark on its products are not applicable to the order, and this acceptance and acknowledgement is conditioned upon your indemnification and promise to hold Midmark, its officers, employees and agents, harmless in respect to any and all warranty claims, damages, both direct and consequential, expenses, costs, and any liability arising from the use of or relating to this special equipment.

8. ANESTHESIA SERVICE AND REPAIR POLICY

Midmark offers evaluation and repair service on Midmark anesthesia equipment. Products returned for repair require a return authorization (RA). Contact Customer Experience at 1.844.856.1236 to obtain an RA number. Send the product freight prepaid.

Vaporizers returned for servicing also require an RA. A purchase order number must accompany the vaporizer. Subsequent to servicing, each vaporizer has a separate service and performance record established which is on file in the Midmark Vaporizer Service Center in Versailles, Ohio. Should the need arise to verify that your equipment has been maintained to manufacturers specifications. We will be happy to supply this information.

9. IMAGING ORDER INFORMATION

Imaging products are not available through all Midmark authorized dealers. Please contact Midmark Animal Health Customer Experience if you need assistance locating an authorized dealer in your area.

10. ORDER CANCELLATION

Cancellation 48 hours from time of order placement is subject to penalty. An assessment will be made at the time cancellation to determine the amount of penalty including material, labor and handling costs.

Cancellations must be received in writing. Non-standard color and custom configuration orders may not be cancelled without penalty.

Orders for equipment, cabinetry and containment/boarding of special design, construction, finish or upholstery are not subject to cancellation after your acceptance of our acknowledgement. Special design products, custom design cabinets/containment and special upholstery WILL NOT be accepted for credit.

11. SHIPPING

Please call your Project Coordinator for shipping quotes at 1.800.MIDMARK.

Standard lead times may vary from typical order time frame.

12. CUSTOM ORDERS QUOTED OUTSIDE OF DESIGN SERVICE

Custom orders created outside of Design Service follow this sequence:

1. Product Quoted
2. Order placed by PO or down-payment
3. Product design created
4. Sign-offs
5. Release to production

13. CUSTOM ORDER CHANGES

All changes should happen before the release of the order. Order changes made after release of an order may incur a change fee and a shipping date change. This fee will cover materials, labor and handling costs.
